Influenza Season is approaching

As the season changes, the flu viruses will be popping in on us. We are taking steps to help prevent the spread of flu viruses. We practice proper and frequent hand washing, and wash and sanitize toys and equipment regularly. **Please help us by washing your hands when coming into the center. There is a sanitizing hand station next to the entrance for your convenience.**

The first flu shot clinic for adults will be held at the Rangely Public Health Department on Thursday October 7th from 8am-5pm.
